ART STUDIO CLASSES

CERAMICS

Shared: $50/person
Private: $400 (up to 6 people) $50 per additional person

Clayworks explores the expressive possibilities of hand-built ceramics, drawing inspiration from Costa Rica's natural and cultural essence.

Ceramics For Daily Rituals
Shape hand-built ceramic pieces that bring creativity into everyday life. Using techniques such as pinching, coiling, and slab building, you'll craft functional objects—like mugs, bowls, and vessels—to take home and inspire your daily rituals.

Oceanic Ceramics
Explore the underwater world through clay, drawing inspiration from marine life such as sea urchins, starfish, turtles, and sharks. Each session introduces handbuilding techniques to shape and texture ocean-inspired pieces that celebrate the beauty and diversity of the sea.

Pre-Columbian Ceramics
Explore the ancient clay traditions of Costa Rica's Chorotega people. Rooted in the heritage of Guaitil, renowned for its hand-built pottery and natural pigments, each session invites you to reinterpret ancestral motifs and techniques, creating pieces that bridge tradition and contemporary expression.

Botanical Ceramics
Let the natural world guide you—press leaves and flowers into clay to create delicate, organic designs. Each session invites you to slow down and observe the subtle details of nature, using hand-building and surface techniques to shape timeless ceramic pieces that reflect its quiet poetry.

SIP & PAINT

Shared: $50/person
Private: $400 (up to 6 people) $50 per additional person

Sip & Paint invites you to unwind, create, and connect as you explore color and composition through guided, expressive brushwork.

Discover the fundamentals of watercolor through a hands-on exploration of pigment, color, and flow. Each session encourages experimentation with texture and water, revealing the magic of how color moves, blends, and comes to life on paper.

Acrylics 101
Explore the foundations of acrylic painting through vibrant studies of light, color, and composition. Each session emphasizes observation, color mixing, and layering techniques, helping you capture the freshness of the moment in your own expressive style.

Open Air Studio
